

REMARKS

The Applicant has amended the claims to recite two mobile robots that each have a camera and a monitor that move together in at least one degree of freedom. In an Examiner's Interview on August 21, 2006, the Examiner indicated that adding such language would make the claims allowable over the art of record. The Applicant request that the Examiner enter this amendment and allow the above entitled application.

Respectfully submitted,

IRELL & MANELLA, LLP
